

## **Plus Size Bikini**

### Description:

Welcome to The Big Bikini Company; the original specialists in bra sized swimwear, to fit real women.

We stock a large range of bikinis, tankinis and swimsuits in cup sizes D to HH. We sell separates because we are not all a standard size. Using bra sizing for our tops ensures a perfect fit for you, whatever your shape.

I am Gemma Backhurst, founder of The Big Bikini Company. Like big-breasted women everywhere, I know how hard it is to find a bikini that not only fits, but looks great too. I believe that beautiful designs, pretty colours and fun prints should be available to all women – and so The Big Bikini Company was born.

If you have the assets, The Big Bikini Company is here to help. All those fabulous styles, previously out of reach, are waiting here for you. So enjoy browsing the large choice of colours and designs and check out the great matching accessories too!
